Top Driver is the Preferred Training Program of Parents, Industry Experts and Teens

WHY TOP DRIVER?

Vehicle crashes are the leading cause of death for teenagers and 47% of all first-year drivers are involved in a crash. That's why we are the only national driver education company committed to providing the highest-quality training for teen drivers. While today's roads, traffic and speeds are not the same as in past generations, many driver education programs have not changed to match the current conditions. The dated tools they use make for a dangerous shortcut. Unless teen drivers are 100% engaged and interested, the errors they start with are never replaced with good habits. Top Driver is the premier driver education company because we feature:

■ A PROPRIETARY, MODERN CURRICULUM AND GREAT INSTRUCTORS.

- ❑ We spent over one year developing our Ignition curriculum with industry experts. Our instructors bring concepts to life by creating a stimulating learning environment in the classroom and in the car. They also go through a rigorous training program that far exceeds state requirements, so you can trust that your child is with the best.

■ INTERACTIVE TECHNOLOGY TO IMPROVE LEARNING.

- ❑ We are the only driver education provider that has in-dash DVD players so our instructors can introduce and reinforce concepts on video before going on the road.

■ MANY WAYS TO MAKE IT EASIER FOR YOU AND YOUR TEEN.

- ❑ We offer classes at different times to fit your schedule, including weekends.
- ❑ This checklist is another example of how we walk you through the entire licensing process. We make the process simpler for you.

■ A WEBSITE THAT GIVES YOU INSTANT ACCESS.

- ❑ Our easy-to-use website complements our classroom and in-vehicle training. You can use it to check your teen's schedule, monitor their progress, or to select training programs.

Our advanced methods and superior service are changing the way people learn to drive by raising the level of their skills and their safety awareness. Together, we can teach your teen to be a safe driver.
